Four Days Later from Europe.  
ARRIVAL OF THE  
STEAMSHIP CITY OF BALTIMORE.  
War Question Unchanged.  
THE MARKETS, &c.

NEW YORK, March 1, 1859.  
The steamship City of Baltimore has arrived, with Liverpool dates to the 16th of February.  
The war question is unchanged, but there appears to be less fear of a rupture. Austria is apparently willing to open negotiations. France and England have submitted a proposition to America to suppress the slave trade.  
LIVERPOOL, Feb. 16.—Cotton has advanced 1-16 a lb. The market opened buoyant, but closed quiet, and quotations are barely maintained. We quote as follows: Middling Orleans, 7d; Middling Uplands, 6 3/4d.  
Flour very dull, and quotations nominal. Wheat also very dull; prices easier, but quotations unchanged. Corn quiet but steady.  
Rosin steady at 4s 10d. Spirits Turpentine firm, with sales at 40s 6d, to arrive.  
The Senate on yesterday debated the Postal bill.—The House passed the naval appropriation bill.

Later from Buenos Ayres.  
NEW YORK, Feb. 28, 1859.—A. M.  
Buenos Ayres dates to the fourth of January have been received here. Four vessels had gone up the river with Bowlin and the Commodore to negotiate with Lopez, who is said to have one hundred thousand men under arms. [Very doubtful. Paraguay does not contain that many men fit to bear arms.—JOURNAL.]  
WASHINGTON, D. C., March 3d, 1859.—A. M.  
Congress.  
Both Houses were engaged last night in perfecting the appropriation bills.  
NEW YORK MARKETS.  
NEW YORK, March 3d, 1859.  
The Cotton market closed buoyant yesterday with sales during the day of 4,500 bales; Middling Uplands, at 12 1/2 cents per lb. Flour has advanced 5 a 10 cents. Wheat active. Corn quiet; mixed, 85 cents. Spirits Turpentine closed firm at 49 1/2 a 50 cents. Rosin is firm at the close, with sales of 11,000 barrels at \$1 75 a \$1 80 per barrel for Common.

Burning of the Western Steamer Princess.  
Two Hundred Persons Lost and Missing—A Large Number of Ladies Passengers—Names of Some of the Killed.  
NEW ORLEANS, Feb. 28.—The steamer Princess, from Vicksburg for New Orleans, exploded her boiler and was burned to the water's edge, on Sunday morning, at 6 o'clock, at the mouth of the Mississippi. Four hundred passengers were aboard, of which number 200 were either lost or missing. The passengers are mostly residents of Louisiana and Mississippi. There were a large number of ladies on board, filling the ladies' and the gentlemen's cabin.  
The Lost—Among the killed are: J. W. Seymour, of Baton Rouge; J. H. Calhoun, Mississippi; J. H. Calhoun, of St. Louis; J. J. H. Calhoun, of St. Louis; the pilot of the Princess; the assistant engineer of the Princess and three persons whose names are unknown.  
Missing—Charles Bannister and L. Howard, members of the State Legislature from New Orleans; Joseph Clark, second clerk of the Princess; Samuel Watts, of Va. No other northern or eastern names have yet been mentioned. A large number of passengers were badly scalded, or otherwise injured. The boat and cargo are a total loss. The Princess was one of the finest steamers on the river.  
SECOND DISPATCH.  
NEW ORLEANS, Feb. 28.—A boat from the wreck brings down a number of the wounded and dead.  
The Princess was behind the wreck, and the Baton Rouge dispatch says the engineer is reported to have declared that he would reach New Orleans by a certain time or blow her up. The engineer's body was cut in two by the explosion. There are almost one hundred persons wounded, many of them dangerously and some are dying. It is impossible to ascertain the number of the lost. Several boats are reported to have saved many. The Princess' excitement here and along the river in regard to the disaster.  
Numerous unrecognized bodies are being found, but we have no additional northern or eastern names reported.

The Foreign Letter Advances—Revival in Trade—Advances in Cotton—Fluctuations in the Funds, &c.  
HALIFAX, Feb. 24.—The letters from London, Liverpool and Manchester, per steamer Canada, present a more cheerful aspect than those per the steamer Africa, and nearly every department of trade was in a more healthy condition. This was particularly the case with the money, cotton and provision markets, and also regarding the trade of the English manufacturing districts. At the same time there were those who looked upon the peaceful assurances of the French Emperor with suspicion—his pretended love of peace not being verified by the extensive war preparations visible on every hand.  
Imports of cotton for the week amount to thirty-one thousand bales. As compared with quotations by the Africa, middling Mobile and Orleans show an advance of five to six cents, and middling Uplands of a quarter. The stock of America is twenty-seven thousand bales less than the preceding week.  
The English funds advanced 3/4 per cent, just previous and immediately after the French Emperor's speech, but on Saturday, the day the steamer left, they were barely perceptibly higher than at the sailing of the Africa.—Money was plentiful as ever and rates unchanged.  
The Manchester market on Friday sympathized with the activity and firm feeling at Liverpool, and higher rates were demanded for all productions. The improvement obtained, however, was slight, and confined mostly to goods suitable for the India market.

Insufficient Rumor—The Gulf of Mexico.—The Liberal Government.  
WASHINGTON, Feb. 26.—There is a rumor that all the available naval force, including the Vincennes, has been ordered to the Gulf of Mexico, and seems strengthened by the remark of the Chairman of the Committee on Ways and Means to-day, "that this American sea belongs to us, and that we must and will exercise control over it."  
The next arrival from Mexico, will, anticipated, bring highly important intelligence, in connection with the French and British fleets, requiring a larger American fleet than heretofore.  
Mr. Matta, Mexican Minister, had a long interview with Mr. Cass on yesterday.  
Mr. Churchill, the special agent of our government to Mexico, has sent home important dispatches, urging the immediate recognition of the Liberal Government. It is probable, therefore, that Matta will soon be recognized as minister.

The Black Warrior.  
NEW YORK, Feb. 28, P. M.—The steamer Black Warrior, whose below the harbor, is a total wreck.—Only about one-third of her cargo has been saved. The remainder, including two thousand barrels of flour, will probably be lost. The vessel is heavily insured here. No steamer is yet selected to take her place.

Sad Accident—Four Negroes Killed.  
A sad accident happened on the plantation of Gen. G. Singletary, of Pitt county, day before yesterday.—The General had put several of his hands to digging a well, and while digging the pit, being small and deep, the walls fell or caved in, covering and killing four of the negroes and injuring somewhat three others. This is not the first, but the most serious accident of the kind, we believe, that has ever happened in the process of man digging in our State, and should serve as a warning against the old scaffold mode of getting out marl.

FEVER AND AGUE!  
A Case of Eight Months' Standing cured by  
BERHAY'S HOLLAND BITTERS.  
MICHAEL KELLY, No. 117 Seventh, near Grant street, Pittsburgh, says:  
"Last July, while running on the river, on a cotton boat, playing between Natchez and New Orleans, I was taken with Fever and Ague. For eight long months I suffered with this disease. The greater part of the time I was unable to work, and spent at least fifty dollars for different medicals, but found no permanent relief. Three weeks ago one of my friends insisted upon my trying BERHAY'S HOLLAND BITTERS, saying that a cure was guaranteed. After taking it for one week, I must say I was a sound man. I have been at work now for two weeks, and have had no return of the Chills or Fever whatever."  
I certify that the above statement is true.
